7. Wasp and Fly products

[Contents](#)

7.1. Traps & Attractants for Wasps

The AgriSense Dome Trap is a robust plastic trap, designed for use outdoors. The specially formulated non-toxic liquid bait is particularly attractive to wasps, but repellent to beneficial insects. This system can be used to distract wasps away from sensitive areas such as gardens, picnic areas, food factories, etc. Indoors, the trap can be used to reduce populations for *Drosophila* fruit flies.

	Product Code	Product Description	Outer Pack Contents
	BC 1750	Bulk Dome Trap Wasp/Fly Dome Traps Bulk. No Bait	NEW FORMAT Box of 40 traps with hangers. No Bait.
	BC 1720	Dome Trap Kit Wasp/Fly Dome trap Kits (1 Dome trap + 1 x 250ml liquid bait)	NEW FORMAT 16 units each containing 1 Dome trap + 1 x 250ml liquid bait

	BC 1738	Liquid Wasp / Fly Bait 5 Litre Bottles Now with Easy Pump Dispenser	4 x 5 Litre

7.3. AgriSense Disposable Wasp Traps

	Product Code	Product Description	Outer Pack Contents
	BC 1724	Disposable Wasp Trap with hangers	Individually boxed Outer of 12

8. Fly Products

[Contents](#)

8.1. Glue Fly Boards for Electric Fly Killers

AgriSense is a leading manufacturer of glue boards for electrical fly killers. These boards incorporate the latest insect glue technology – High U.V. stability, non-drying characteristics and “Dry Touch – No Mess” characteristics. They are produced to order using flexible or rigid plastic or cardboard sheet and the boards can be printed with various coloured patterns and designs to customer specification. Boards can be glue coated either single sided or both sides.

Quotations for single and double side coated glue boards in a range of designs, colours and materials (Card, flexible and rigid plastic etc) are available on request.

Contact AgriSense for a quotation and samples.

8.2. Fly Traps

[Contents](#)

	Product Code	Product Description	Outer Pack Contents
	BC1719	Fruit Fly Trap Small and discrete yellow plastic, ready to use trap, with a food based, non-pesticide liquid attractant.	Packed individually in unprinted box in outer cases of 12

	Product Code	Product Description	Outer Pack Contents
	BC2317	Window Fly Sticker	1500 Window Stickers (30 packs of 50)

8.3. Fly Attractants

[Contents](#)

	Product Code	Product Description	Outer Pack Contents
	BFL219A	Fly Attractant Tablet Large - 25mm diameter. The tablets contain both the house fly sex pheromone and a protein based food attractant.	Outer pack of 100 individually sachet-packed lures

9. Miscellaneous Products

[Contents](#)

9.1. Mouse Glue Boards

The AgriSense mouse glue boards are 15cm x 20cm with a glue area of 7cm x 17 cm. The boards are perforated to facilitate placement close to walls etc. The boards should only be used in accordance with national pest control association standards (e.g. BPCA) and by suitably trained operators.

	Product Code	Product Description	Outer Pack Contents
	BC 1195A	Mouse Glue Board	1000 Boards

9.2. Trappit Pronto

The Trappit Pronto range is designed for ease of use by professional pest control technicians or to be offered by technicians to clients for their own use as a follow up or enhancement to a pest treatment. The Trappit range can be used to catch insects not affected by a treatment or to give clients peace of mind as an early warning should insects re-invade previously treated areas. The traps work on a lure and catch principle. All traps allow easy detection and trapping of insect pests. They use non-toxic lures which are very attractive to insects. The dry-touch glues use AgriSense no-mess technology, which makes handling very agreeable.

	Product Code	Product Description	Outer Pack Contents
	BC113400	Trappit <i>Pronto</i> Cockroach Trap	200 Ready to use traps (20 packs of 10 banded traps)
	BC251001	Trappit <i>Pronto</i> Stored Product Moth Trap	200 Ready to use traps (10 packs of 20 banded traps)
